Testofin Plus

28
CAPSULES

Potent Testosterone Booster

Dosage Form: Capsule

Pharmacological group: Aphrodisiac

Description:

Testofin-PLUS is an especially designed product by Greens Natural Care after extensive study to overcome the problem of sexual disorders. It is a unique combination of traditional herbs used to treat sexual debility and highly researched-based herbs of modern era that are proven to be vastly effective in sexual malfunctions.

Testofin-PLUS by virtue of its distinctive formulation, assists males in combating against Erectile Dysfunction & Premature Ejaculation. It will help those who are unable to perform Sexual Act because of the Decreased Libido, Erectile Dysfunction and Premature Ejaculation.

Testofin-PLUS not only combats sexual dysfunctions but also maintains a healthy sexual life and increases the time of ejaculation & erection.

Testofin-Plus exerts its exceptionally potent effect by following mechanisms:

- Testofin-PLUS releases bound-up Testosterone
- Testofin-PLUS increases blood circulation to the genitals
- Testofin-PLUS eliminates stress and anxiety
- Testofin-PLUS strengthens the sexual glands
- Testofin-PLUS supports the filthy production of the sex Hormones & sperms
- Testofin-PLUS increases stamina and sex drive
- Testofin-PLUS acts as a restorative nutrient for the nervous system

MAJOR PROPERTIES OF INGREDIENTS:

Tribulus terrestris:

This ingredient has been shown in clinical studies to restore and improve libido (sex drive) in men, helps in ejaculation delay thus prolonging the duration of the erection. It has been used for centuries for hormone insufficiency in men. It increases circulation of blood in muscle.

کیپسول

ٹیسٹوفن پلس

Withania somnifera:

It is one of the most potent aphrodisiac tonic in the entire botanical kingdom. It strengthens the nervous system and reproductive hormones. It has the ability to strengthen the nervous system, counteract anxiety and stress to promote a calm state of mind. It has the ability to increase vitality, energy, sexual endurance and stamina. It promotes longevity and strengthens the immune system.

Pausinystalia yohimbe:

Yohimbine is one of the most researched nutrient for erectile dysfunction. It increases the blood flow towards genitals which is essential for strong erection. It is a potent alpha-2-adrenoceptor blocker, which is an effective treatment of sexual dysfunction caused due to SSRIs. Because of its mild analgesic effect, it increases the time of ejaculation & erection. A number of clinical trials have proven this unique effect of yohimbine.

Asphaltum punjabinum:

It has been used traditionally as a panacea and it is a versatile remedy for the rehabilitation of muscles, nerves and bones. It is known as a strong kidney tonic and is said to increase the body's core energy, responsible to sexual and spiritual power.

Crocus sativus:

Crocus sativus, commonly known as saffron. It is also named as "sunshine spice" that is not just due to its colour but because it help to brighten your mood. Saffron contains a chemical named "Picrocrocin," which makes them sensitive to the touch, especially the body organs. This leads to an increase in the pleasure power of men to experience sex in a more conducive way. It helps in increasing the libido. This has the ability for increasing libido, improve memory, boost mood, etc. An excellent source of essential minerals copper, potassium, calcium, manganese (nearly 400% of the daily recommended value), iron, selenium, zinc, magnesium and super source of vital vitamins A and C, and of folic acid, riboflavin, and niacin, all essential for optimum health.

Indications:

For the management of Sexual Dysfunction and its associated symptoms such as:

- Premature Ejaculation
- Erectile Dysfunction
- Weak erection or difficulty to maintain erection.
- Sexual asthenia / weakness / decreased stamina.
- Impotence

Low sex drive due to stress, overwork, fatigue, mental tension. Andropause or aging effects on sexual behavior. General male health vitality. LH / testosterone deficiency disorders.

Dosage and administration:

For oral use only, as directed by physician. 1 capsule one to two times daily with meals preferably with milk. In case of decreased erection time & sexual drive, take two capsules 1-2 hour before coitus.

Side effects:

Allergy may occur in the form of hives, itching and rashes. In such case stop using Testofin-Plus and consult a doctor.

Contraindications:
