COUGH SYRUP

COMPOSITION

Each 5ml contains:

Hedera helix.....35mg

Linctus is a natural and effective cough syrup which contains purely herbal ingredients. **Linctus** is effective for all types of cough and respiratory tract illness.

IVY LEAF

Ivy leaf is one of many herbs used in Europe as an expectorant, a substance said to thin mucous and thereby loosen coughs. Ivy leaf extract explains its traditional use as an expectorant (a substance that promotes the removal of mucous from the respiratory tract). It also prevents the spasm of muscles in the bronchial area. Ivy leaf is approved by European Medicine Evaluation Agency as a safe and effective choice for use against chronic inflammatory bronchial conditions and productive coughs due to its action as an expectorant.

Linctus is a highly safe, efficacious & non-sedating cough syrup because it is mucolytic, expectorant, bronchodilator and antitussive.

INDICATIONS

- Productive Cough
- Dry Cough
- Sore Throat
- Chest Congestion

CONTRAINDICATIONS

All medicines should be taken after doctor consultation especially during pregnancy and breast-feeding.

SIDE EFFECTS & DRUG INTERACTION

No side effects were reported with in therapeutic dosage and no drug interactions were found with use of **Linctus**. Use of other medicines along with **Linctus** is considered to be safe like Antibiotics.

DURATION OF USE

Linctus must be used according to clinical symptoms and patient's need. It is recommended to use **Linctus** for at least, one week even in case of symptoms like minor inflammation of breathing passage. For successful therapy, treatment should be maintained for 2-3 days after symptoms have been removed.

Linctus cough syrup is suitable for all age groups and free from sugar therefore it is suitable for diabetics.
